

# Seamless Suspension Sleeve

# SFB

GripGel Suction Suspension Sleeve with Knitted Fabric

SLEEVES

ALPS™ Seamless Suspension Sleeve has superior comfort provided by ALPS GripGel. The SFB features a NEW black knitted fabric that still allows the user excellent freedom of knee flexion. The SFB also achieves secure suspension by sealing with the skin without restricting circulation, while the GripGel sticks to the patient's skin without causing shear forces. With a thinner profile, the SFB, is an ideal choice for those concerned about bulk. Formulated with GripGel the SFB will not roll down the patient's residual limb.

- Seamless single piece construction
- Longer lengths to accommodate more users
- Available in 2mm uniform thickness
- 60 Day Warranty

## PRODUCT NO.

SFB-XX-2

Seamless Suspension GripGel Sleeve, 2mm uniform

XX indicates size, see sizing chart and illustrations on reverse for details on sizing and differences between configurations.
