

PADSIL

PDS

Silicone Distal Pad

DESCRIPTION

The Padsil was developed to increase patient comfort in combination with ALPS™ liners. The more active user will appreciate the additional cushioning, softness, and durability. Users who experience volume changes will also appreciate the Padsil's ability to lift the limb back into the proper position. They can be placed at the bottom of the socket or inside a pin locking liner.

TOP FEATURES & BENEFITS

- ✔ Soft medical grade silicone
- ✔ Helps maintain total contact
- ✔ Blue dummy padsils are available for laminating
- ✔ Keeps its shape over time
- ✔ Easily modified
